Green Campus Policy Documents

A Green Campus is a place where environmental friendly practices and education combine to promote sustainable and eco-friendly practices in the campus. The green campus concept offers an institution the opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solutions to environmental, social and economic needs of the mankind.

College environmental aims and objectives

- The college is striving to develop its institution on a self – sustainable basis in the areas of power, water and cleanliness.
- The faculty, staff and students have to contribute collectively to develop an eco – friendly sustainable campus and disseminate the concept of eco – friendly culture to the nearby community and wherever possible.
- Awareness creations about environmental issues among tribal students and including climate change.
- Measure and reduce environmental emissions/ footprints

Waste Management

- To increase the green cover in and around the campus.
- To take appropriate actions to reduce or recycle waste inside the campus.
- To manage, collect and dispose e-waste appropriately
- To reduce hazardous waste and its management
- To reduce consumption of plastic in the campus.
- To encourage paperless work culture and recycling/ reuse of paper.
- To display waste management instructions/alerts at prominent/relevant locations in the campus.

Nagad, Tal. Kannad, Dist. Chh. Sambhaji Nagar

Water Management

Adopting following measures in campus to reduce water consumption Grey water in flushes

- Change of taps which are either more water efficient.
- Use of recycled water for watering plants, trees etc.
- Display water management instructions/alerts at prominent/relevant locations in the campus.

We intend to pursue a programme of continuous improvement in our procedures, practices and review the policy on a regular basis to evaluate continued relevance and to monitor compliance.
